

IF YOU ARE WISE

You will take all the comfort you can in your life.

One of the best ways to take comfort is to take it in an easy Rocker. Its just wonderful what rest a Side-arm, easy seat and easy-back Rocker is to a tired out woman or man.

And the surest way to get such a rocker is to get it from us.

My store holds a big showing of fancy rockers. A soft-cushioned roomy rocker for the father; smaller, daintier, but just as comfortable, rockers for the mother.

Rockers for everyone at prices for every purse. \$3.00 buys a very handsome rocker indeed. More money buys better ones.

COONS OF BLACKVILLE.

Their Minstrelsin an Entertainment of Unprecedented Merit.

The grand opera house was packed to the doors on Tuesday evening when the curtain was rung up. From the bald-head row to the nigger heaven there was not one empty seat, while many chairs were placed in the aisles to accommodate late comers from out of town who had not had the forethought to secure seats in advance.

Before the curtain rose the merry strains of "Happy Days in Dixie" were heard and when the curtain went up the chorus burst forth in all its rollicking melody, the stage being occupied by the entire company standing. As the chorus neared the end the end men executed a few fancy steps, all regaining their place as the music stopped. At a word from the inter-locutor all were seated, and to look at their "plumed" beaming countenances one could hardly realize that it was a bunch of amateurs that occupied the stage.

The first end men on each side, Messrs. Corviveau and Andrews, were gorgeously arrayed in shirt waists of the very latest approved patterns and colors with trousers and jokes to match, while the other four end men Messrs. Crotteau, Armstrong, Stamm and Podawiltz were immaculately clothed in white duck, with shirts that could be heard above the orchestra at all times. The interlocutor, Mr. Bryant, wore a white satin suit after the style of colonial days, with powdered wig, and as the girls all said, was "just too cute for anything." The rest of the circle was dressed in black and the orchestra wore a neat red uniform and furnished music that was full of harmony.

After the entertainers on the end had had their preliminary say of wit and humor Mr. Stamm sang "The Wedding of the Chinese and the Coon." Mr. Stamm has a rich powerful voice of great carrying power and a song by him is always appreciated by a music loving audience.

"Day after Day" by Ed. Armstrong was handled in a masterly manner and drew forth thunders of applause from an appreciative audience.

"When Reuben comes to Town" by Joe Corviveau, popularly known now as Bur Oak, was one of the best of the series. Joe seemed to know what he was up there for all the way through and governed himself accordingly.

Charley Podawiltz sang "Just because she made them Goo Goo eyes" and rendered it in a manner that proved him to be a born entertainer. Charley makes a warm coon and no mistake.

Pet Crotteau then rose to the occasion with "Just tell Her that I Loved her too." Pet has a very sweet voice with good carrying power and showed himself to be worth more than passing notice.

Ernest Andrews as "Red Oak" sang "Would you" and the manner in which he handled his solo showed him to be one of the very best in the bunch.

After another solo by Mr. Stamm entitled "Tale of a Kangaroo" there was a chorus and the first half was over.

During the interval between the first and second part the orchestra played a fine descriptive overture entitled "Hunt in the Black Forest" which was rendered in good style and with all the accompanying frills that went to make it realistic.

The second part opened by a pugilistic encounter on roller skates between Red and Bur Oak. It was very spirited while it lasted, but both participants were able to leave the stage without assistance.

The farce that followed contained a large number of the members of the company and each proved himself an artist in his particular line. A. W. Bryant here appeared in black face as the "Mammy" of the gang while Bobby Nash made a very acceptable Topsy.

Cleve Akey played the piano in artistic style, while Marcel McCarthy and "Popcorn" Ramsey assisted in making things lively. Emile Lambert played the Hyperion polka on his trombone with his nasal character and finish and there were songs by Mr. Bryant, Otto Roenius, Pet Crotteau and a dance by Topsy.

The dancing by Laroux and Babcock was one of the features of the evening and they were encored both collectively and individually.

The closing was a cakewalk by the pickaninies which was executed with the same pleasing manner as the older ones had shown in their parts.

Taken from one end to the other the show was a howling success from start to finish and the boys cleared up about \$150 which will be used to hire instruction for the band. The boys are to be congratulated on their success.

Want Another Railroad.

Nels Covey, deputy sheriff and Hugh McLaughlin of Pittsville were in the city on Wednesday. They report that a petition will be presented by the people of Pittsville to the Northwestern Railway company asking that the company run their road to the city of Pittsville from this city.

The people of Pittsville are not at all satisfied with the railway facilities they now have, there being only one train a day either way, and any one coming to the county seat must lay over all night at Babcock or else drive there by team, or drive to Oxterville, a distance of four miles, and come here by way of the Green Bay road.

The citizens over there feel that they have enough business to warrant the road running there. Among other things they ship each year five or six thousand cords of cordwood, besides the usual amount of merchandise and farm products usually produced in a good farming section.

Death of Mrs. Dudley.

Mrs. Sarah Dudley, mother of Mrs. Olive Boyer and Frank Dudley of this city, died at Merrill on Monday morning at the age of eighty-nine. The deceased formerly lived in this city. The following is from the Merrill Advocate:

The death of Mrs. Sarah Dudley at the home of her daughter, Mrs. M. Dufresne, on Monday morning, marked the passing of one of Wisconsin's oldest pioneer residents. She was eighty-nine years of age at the time of her demise and had made her home in this state for forty-five years.

Born in the state of Vermont on the 20th day of May, 1812, Mrs. Dudley spent her early years there, before being united in marriage to Anthony Dudley at Rochester, New York. Coming west to Wisconsin in 1844, they settled at Watertown for a time. In the year 1865 they moved to Berlin, and finally in 1874 they went to Grand Rapids to make their home, where after a few years Anthony Dudley died. Mrs. Dudley has since spent her days among relatives in Grand Rapids, and in Merrill. She leaves five sons, Henry Dudley of Dudley, this county, Anthony Dudley of Menasha, Steve Dudley of California, Israel Dudley of Northfield, Minn., and Frank Dudley of Grand Rapids, also eight daughters, Mrs. Sophia Filiatreau now of Tomahawk, Mrs. Olive Boyer of Grand Rapids, Mrs. Amelia Frank of Pittsville, Mrs. M. Dufresne and Mrs. Ellen Filiatreau of Merrill, Mrs. Sarah Poirier of Watertown, Mrs. Pauline Dudley of Toledo, Ohio, and Mrs. Julia Meyers of Columbus, Ohio.

The funeral occurred on Wednesday, Rev. Father Hens, of the St. Francis Xavier church, officiating. The remains were taken to Grand Rapids for burial.

Lincoln Washington Program

Sunday evening program for February 17th, 1901, at the First Congregational church, Grand Rapids, Wis. Piano Voluntary, Prelude.....Chopin. Miss Phillips

Chorus, "Liberty" Song of Ancient Rome.....Enf. Argument. The bitter hatred which had long existed between the two hereditary rivals of Roman people reached its climax during the government of the Council of Ten of whom Appian Claudius was chief. Every act of justice and equity was practiced on the people until they were unable to stand it longer and the outbreak that followed cost the lives of many. The musical composition endeavors to describe this feeling just previous to the outbreak and general call to arms.

Select Reading.....Pastor. Chorus, "Lullaby".....Josephineberger. This is taken from a period of history of the breaking into Rome by the Goth hordes from the North. It first describes the noisy haste and war cry of "Forward, Comptons in swarming and wandering, let the cohorts go down." It is followed by their boast of an attempt on one of the famous to surprise them in the night. But the next passage shows how they were awakened by their gods "Woden enkindled their hearts with wrath" and the exultation on part of the Goths for having overcome their enemies. The description is then taken up in the last telling of the ruins about them and joined by the Tenor in which the beauties of the South lay open before them inviting them to come. This is followed by the Sopranos and Altos rejoicing "That warfare is done now we shall dwell under smiling skies. It closes with lengthy tribute to their "King, who art ever victorious."

Address.....Rev. B. J. H. Shaw. Hymn 659, America.

The School House Site.

The school commissioners met again on Monday evening and after considerable discussion voted on the site for the new schoolhouse with the result that the fair grounds were selected as the best place available for the location of the building.

Numerous sites had been looked up and priced by the committee appointed for this purpose, but as these all ranged in price from \$7,000 to \$10,000 and then for only a small piece of ground that was only a few blocks nearer the central part of the city none of them were considered. The vote on the site stood 7 for the fair grounds to 6 against, three of the commissioners being absent. It is probable, however that before anything more is done in the matter another meeting will be held to see if a more unanimous verdict cannot be reached in favor of the site selected.

The commissioners who have the matter of building in charge feel that in the erection of a \$50,000 building there are enough technical difficulties to contend with without starting out with nearly half of their number contesting the first step.

Marriage Licenses.

The following marriage licenses were granted during the past week:

Natt Ludwig to Dora Gasch, both of Nekosia. Edward Ledden to Susan E. Master-son, both of Auburndale. J. C. Larcom to Eva Griffith, both of Babcock.

Frank J. Wawrzynik of Merrill, to Ida Dresner of Babcock. Gust Johnson of Stevens Point, to Alice Canley of Nekosia. Raymond Cooper of Wolfey, S. D., to Ida Case of Rudolph. Fred Fenling town of Armenia, Juneau county, to Dora Otto of Nekosia.

GRANTED THE AID.

Common Council passes Resolution to Rebate Taxes.

The aid asked by the consolidated Water Power company has been granted by the council although the amount granted is considerably less than the amount asked for.

The petition presented at the meeting of the common council on the 5th instant had been under consideration by a committee during the entire week. The committee had a hard job on its hands and they realized it. It was evident from the first that it would be impossible to please every body and the general verdict now seems to be that the committee and council have done as well as was possible under the circumstances.

The petition as originally presented to the council asked that the company be exempt from taxes on any improvements that they might make for a period of five years said period to date from the first of January, 1902. The resolution as passed by the council promises the company exemption on improvements for a period of 3 years, said three years to commence from the first of January, 1901. The petition emanating from the company would grant them exemption until January 1, 1904, a difference of three years. This compromise of the matter seems to be pretty generally satisfactory among the people, while the conditions of the first petition caused a great deal of dissatisfaction. Whether or not the terms of the resolution as amended will meet the approval of the company has not been learned at this writing.

Another matter that was disposed of was the clearing up of the city's title to the fair grounds. This was done by paying to the parties in the suit against the city the sum of \$300 and receiving from them a quit claim deed to the property. This was in case the city wanted to use the property for school purposes.

COUNTY BOARD MEETS.

Three More Townships in the County than Formerly.

The county board met at the court house on Tuesday and transacted a lot of routine business during the few days they were in session.

One of the things done was the creation of three new townships, their names being Carey, Dexter and Arpin. The town of Wood was divided so that the towns of Carey and New Wood are made of territory formerly belonging to this town alone, while Dexter has within its borders two tiers of sections from the town of Remington, the remainder being taken from the town of Wood. The towns of Vesper and Seneca were divided as to make three townships, they being New Vesper, Arpin and New Seneca.

The matter of whether the county officers who retired from office in January were entitled to the extra week's pay which they drew was taken up and the board decided that they had worked an extra week and were entitled to pay for time put in.

B. F. McMillan of McMillan appeared before the board and made an address on the subject of good roads. Mr. McMillan is an enthusiast on this subject and he directs a great deal of his energies toward the matter of the improvement of country highways. Among other things he pointed out the educational advantages to be derived from good roads and upon request of certain members of the board advanced some theories that had proved advantageous when put in practice on dirt roads.

Some mention was made of returning to the town system of supporting poor but nothing was done favoring the scheme.

A Valentine Party.

On Thursday evening a valentine party was given at the home of Mrs. E. T. Harmon by the ladies of the Travel class in honor of the Woman's club and the Historical and Literary club. The guests began to arrive about 8 o'clock, being received by Mesdames Harmon, Paulus, Witter and Philico. Each guest was presented with a carnation on entering by Rene Philico and Marjorie Kellogg and the house was a veritable bower of roses, carnations and smilax. While the guests were arriving and during the evening the Mandolin club dispersed sweet music. Games appropriate for the evening were played and after a search in all the nooks and corners of the house it was found that Miss Briere had been the successful finder of 46 hearts and was presented with a statuette of cupid. In the literary game that followed Mrs. Thomas of Nekosia was the fortunate winner of a pretty little cupid plaque. The guests then partook of a dainty feast, each lady finding on her plate a son-vear heart. During refreshments, toasts were responded to by the representatives of the different clubs. Mrs. Gardner on "The Ladies and Their Organizations," Mrs. Kellogg on "Woman, Her Trivialities and Frivolties" and Miss Larkin on "The Club Women of Grand Rapids." The toasts were heartily enjoyed by all present and made the occasion "a feast of reason and a flow of soul."

George Thorn had his left leg badly bruised on Saturday while engaged in piling logs on the banking ground of the F. MacKinnon Manufacturing Company. The logs were being rolled up by team when his leg was caught and would have been smashed had the logs not been kept apart by a large knot on one side. As it was no bones were broken.

Musical Fashions From Russia.
The latest unique musical instrument to make a bid for popular favor is the "balalaika," imported from Russia. A triangular in form and is provided with three strings, and is made in various sizes, some of them being quite big. It is held in great honor in Russia, on account of the severe Byzantine regulations and religious persecutions of a dance music between the Eleventh and Eighteenth centuries it required time to develop and improve it. Now it is coming more and more into use. The only thing all he can do to popularize it, has been to teach it to be taught in the army where the soldier, quickly learn how to play it. Both the instruments and the weird music they produce have made sensation in Paris, where they have

Council Proceedings.

Council Room, Feb. 12, 1901.
Council met pursuant to adjournment Mayor Goggins presiding.
Aldermen present: Wood, Lutz, Reiland, Farrish, Kruger, Pratt, Bundy, Otto, Anthofer, Kellogg, Oberbeck, Schnabel, Rossier, Hill and Boles.
Minutes of previous meeting read and approved.
The committee to whom was referred the petition of the Consolidated Water Power Company and others asking the exemption of taxes from their dam and other improvements made the following report:

To the Honorable, the Mayor and the common council of the city of Grand Rapids, Wisconsin:

We, the undersigned committee to whom was referred the petition of the Consolidated Water Power Company and two hundred and sixty-six other tax payers of the said city of Grand Rapids, praying that the common council of the said city, by resolution remit all taxes that may be assessed on certain real estate, within the corporate limits of said city, owned by the said Consolidated Water Power Company, and a certain proposed corporation to be organized by Nels Johnson, J. D. Witter and others, for the purpose of using the water power owned by the Consolidated Water Power Company, that may be in excess of what the taxes would have been on said real estate if the same was assessed at the valuation placed on said real estate for the year 1900, for a period of five years commencing with the year 1902; Beg leave to report as follows:

On Saturday, February 9th, A. D. 1901, we held a public meeting at the council rooms in the said city of Grand Rapids between the hours of 8 o'clock and 10:30 o'clock P. M. for the purpose of giving tax payers of said city of Grand Rapids an opportunity to express their opinions on such a remission of taxes.

That the meeting was fairly well attended by representative tax payers and the matter was quite fully discussed by T. E. Nash, L. M. Nash, J. A. Gaynor, F. MacKinnon, E. P. Arpin, B. M. Vaughan, Nels Johnson and F. J. Wood.

From the discussion, and from our own inquiries the committee arrived at the conclusion, that a majority of the tax payers in the city of Grand Rapids were in favor of granting some concession by the way of a remission of taxes to the said Consolidated Water Power Company, and the proposed corporation to be organized by Nels Johnson, J. D. Witter and others but not to the extent prayed for in the petition.

And in recommending a certain remission of taxes on the proposed improvements to be made by the said Consolidated Water Power Company and the proposed corporation that is to be organized by Nels Johnson, J. D. Witter and others, your committee has been guided by the following reasons:

First, That a majority of the tax payers of the city of Grand Rapids, favor it.

Second, That in the past a certain remission of taxes on new industries has been granted with good results to our city.

Third, That it will have a good effect in causing capital to seek investment within our city.

Fourth, That our city will be benefited thereby to such an extent as to amply repay us for such a remission of taxes.

In our opinion, proposed improvements and new industries to be carried out on a large scale, should be encouraged. But such encouragement should cease as soon as the new industry is fairly launched and should commence to produce some profit.

We therefore recommend the remission of all taxes that may be levied and assessed on all construction material and other personal property used or intended to be used, by the said Consolidated Water Power Company, and the proposed corporation in building their dam in the Wisconsin river and developing their water power and in making all other improvements in the way of buildings etc., connected with the said dam or water power for the year 1901.

We further recommend the remission of all taxes in excess of what the taxes would have been if based upon the assessed valuation of 1900, on all real estate owned by the said Consolidated Water Power Company and the proposed corporation, in building said dam, developing said water power and other improvements such as paper mill, pulp mill, pumping station and power house, together with all real estate hereafter acquired by either of the said corporations and necessary to be used in building said dam, developing said water power or in building said paper mill, pulp mill, pumping station or power house for the years 1901, 1902 and 1903.

Dated this 11th day of February, A. D. 1901.

E. C. ROSSIER,
N. REILAND,
H. S. BOLES,
Committee.

Moved by Alderman Schnabel and seconded by Alderman Anthofer that the report be adopted and placed on file carried by the following vote:

For adoption Lutz, Reiland, Bundy, Otto, Anthofer, Kellogg, Oberbeck, Rossier, Hill and Boles. Against adoption Wood, Farrish, Kruger, Pratt and Schnabel.

Alderman Hill offered the following resolution:

Resolved, That all taxes which may be levied and assessed for the year 1901 on all construction material and personal property of every kind and

description, used, and intended to be used, by the Consolidated Water Power Company and the proposed corporation to be organized by Nels Johnson, J. D. Witter and others in and about the building of the dam and the development of the water power in the Wisconsin river, and the building and erection of the paper mill, pulp mill, pumping station and power house, and all other improvements connected with the development of the said water power, (which said personal property is within the corporate limits of the said city of Grand Rapids), be and the same hereby is remitted and cancelled. And be it further

Resolved that all that portion of the taxes which may be assessed and levied against all real estate owned by the said Consolidated Water Power Company, within the corporate limits of the said city of Grand Rapids, or which may hereafter be acquired by the Consolidated Water Power Company, or the proposed corporation to be organized by Nels Johnson, J. D. Witter and others, and which is necessary for the building of the dam and the development of the water power in the Wisconsin river, or for the erection and construction of the paper mill, pulp mill, pumping station or power house, or other improvements, as shall be in excess of what the taxes upon said real estate would have been if said real estate was assessed at the valuation placed upon said real estate for the year 1900, be and the same is hereby remitted and cancelled for the years 1901, 1902 and 1903.

Be it further Resolved, That hereto annexed, marked "Exhibit A," is a list of all real estate now owned by the said Consolidated Water Power Company upon which all taxes for improvements thereon during the years 1901, 1902 and 1903 are to be remitted as aforesaid.

Nays: Wood, Farrish, Kruger, Bundy, Pratt, Oberbeck and Schnabel.

The following petition was presented:

To the Honorable, the Mayor and common council of the city of Grand Rapids.

Your petitioner, The Marshfield & Southeastern Railway Company, would respectfully represent and show to your Honorable body that it is the owner of Lots one, two, three, four, five and six, of block one, McComb's addition to the city of Centralia (now a part of the city of Grand Rapids) and that each of the said lots are used by said railway company for railroad purposes, each being a part of the right-of-way of said Marshfield & Southeastern Railway Company, and is therefore, not subject to taxation, and would respectfully request and petition your Honorable body to pass a resolution authorizing and directing the city Treasurer cancel the taxes assessed against said described lots for the years 1901.

Dated at Grand Rapids this 12th day of February, A. D. 1901.

MARSHFIELD & SOUTHEASTERN RY. CO.
By Conway, Williams & Conway its Attorneys.

Same was on motion referred to Finance committee to be reported on at next meeting.

Moved and carried that the city make an exchange of city hall west lot with the Princeton & Northwestern Ry. Co. for the lot adjoining the city hall east lot on the east and abutting on Cranberry street providing the Ry. Co. procure title of same for the city and move the city hall and other buildings thereon and on adjoining lot owned by the city as divided by the city and make waterworks and plumbing connections as good as same now are without expense to the city.

Moved and carried that a committee be appointed to look up the matter of selling the Princeton & Northwestern Ry. Co. a strip of land 20 feet wide, crossing the city water bed. Committee with power to make price and other terms of sale and to authorize transfer of title without further

action of the council. Schnabel, Wood and Farrish were appointed as such committee.

Moved and carried that the street committee purchase rock in such amount as they deem necessary for use this coming summer, at a price not exceeding \$2.35 per cord of 15,000 pounds.

On motion the chief of police was authorized to purchase 25 cords of green and 5 cords of dry wood for library building and city hall.

To the Common Council, city of Grand Rapids, Wisconsin.

GENTLEMEN:—Reporting upon the action of J. D. Witter and others against the Wood County Agricultural and Mechanical Association and the city of Grand Rapids, known as the "Fair Ground Case" in which I appear at the Attorney of record for the Defendants, which case is now pending in Green Bay, Brown County. I desire to say, that the plaintiff's attorney expresses a willingness to have that action dismissed on its merits, and to quit-claim the lands known as the Fairgrounds to the city upon the payment by this city to the plaintiffs of the sum of three hundred and six dollars, costs.

Every day of the trial at Green Bay if the city continues to employ the firm of attorneys formerly employed by it there, will cost, at least, the sum of \$200 and the trial will probably last three or more days, so, laying aside the rights of the case and viewing it entirely from a money standpoint, it might be better for the taxpayers, that the parties compromise the case in the way suggested above. I ask the common council's instructions in this matter.

Dated Feb. 16th, 1901.

B. M. VAUGHAN,

Attorney of record for Defendants.

Moved and carried that the above report be adopted and that mayor and clerk procure quit claim deed and pay the plaintiffs \$306.00.

There being no further business upon motion council adjourned.

MILTON W. MOSTER,
City Clerk.

The Chinese New Year.

Next Monday, February 18, marks the beginning of a new year in the Chinese calendar, on which occasion every well bred Chinaman is supposed to celebrate, not as their more civilized brethren do in a great many cases by getting a sociable jag, etc., but by feasting and merrymaking.

A Tribune reporter visited Charles Lee at his laundry on Thursday in order to discover how Charley and his assistant intend to celebrate the day. Charles, by the way, is an intelligent Chinaman who has made his home in this country during the past twenty-six years, having landed at Portland, Oregon, in 1874, since which time he has visited about all the large cities from the Pacific to the Atlantic coast, and has now reached the staid age of 52 years. Charley explained that it was not customary for Chinamen, where there were only two or three in a town, to celebrate the new year, but in the large cities where there is quite a community of the celestials, they assemble on that day and have a real time.

A great deal of preparation is made for the dinner on that day. A Chinaman may get along on a modified form of American grub for a greater part of the year, but when New Year day arrives there is just one place where the right kind of food can be obtained and that is in China. Of course, American pig, when roasted, makes a good foundation for the banquet, but it is the "trimmings" that have to be imported from the far east. There are birds' nests, chop suey, dried lizards and other delicacies that our ordinary dubs don't know anything about. It would be safe to wager that there isn't a grocery in town where a fellow could secure a half a peck of dried lizards provided he wanted to get up a spread that was extra nice, so, of course, the Chinaman must send to his own country for these things where he can get a prime article.

They don't reckon time over in China just as we do here. Their months have either twenty-nine or thirty days, and none of them have thirty-one as do some of ours. The year of nineteen hundred had, in their calendar, thirteen months, but the coming year will only have twelve. They have three years of twelve months each, and then they have a leap year that has thirteen months. An attempt was made to discover if this thirteenth month corresponded in any way with any word in the English language, but Charley was unable to furnish any information on this point.

Their calendars are printed all on one sheet and start in with the first month of the year in the upper right hand corner, and are read from right to left instead of left to right as we do. In each square is the number of the day according to Chinese reckoning and also the number of the day and month according to the English method, but all in Chinese. At least that is what Charley said the hieroglyphics meant, and it has been so long since we studied Chinese that we did not care to dispute him. These Chinese calendars are printed in San Francisco and besides the calendar, has the name and address of all the Chinamen living in San Francisco. These names and addresses are printed in English and Charley showed us the name and address of an uncle who resides there. Besides the calendar and addresses there was a large amount of other reading matter on the sheet, jokes, most likely, like we have in our almanacs, but then we did not have time to read them all as they were also printed in Chinese.

Charley had a number of new year cards prepared which he intends to spring on his friends in different cities all over the country. They are on strips of red paper about three inches wide and six long and had three hieroglyphics on each that closely resembled the place where some one had stepped on a large spider. Charley also had his envelopes all ready to send the greetings and each had the name and address of the party in English besides a bunch of Chinese over on the left hand end of the envelope.

The Chinese are certainly a queer race and one in which the customs of the country seem to hang to the natives with hardly a change, no matter where they live or how long they have been away from their own country. As our sizes up the situation here he is impressed with the idea that the laundry business must be awfully overdone over in China.

Thomas Nash met with a painful accident on Saturday afternoon. He was driving home from this city and was standing up in the sleigh when some obstruction was struck, causing Mr. Nash to pitch forward. He struck on his face on the tongue or whistle-tree, breaking his nose. A surgeon fixed him up and he will no doubt be all right again in a few weeks.

The coming of a great star or a great play is always a delight and we announce the coming of Mr. Frank Keenan and his superior company with much pleasure. The special interest in this attraction is that he will be seen in Ed Smith Russell's famous comedy, "A Poor Relation," in which it is said Mr. Keenan almost eclipsed the original in the part of Noah Veldt. The company is meeting with great success. They will be at the Grand opera house on March 6th, 1901.

Mrs. Severe Voyer died at Plover on Wednesday and was buried on Friday. Mr. Voyer was a former resident of this city.

A bill was introduced in the legislature last week by Assemblyman Johnson which provides for the establishment of two county schools of agriculture and domestic economy. Should the bill be passed, these schools will be given to the counties that seem to evince a desire to have them located within their confines. The bill also provides that the schools shall receive aid from the state to the extent of \$2500. In view of the fact that our citizens seriously contemplate building a new high school why would it not be a good thing for them to keep track of the bill and if passed make an effort to get one of the schools.

—The spring term of the Toland Universities located at LaCrosse, Eau Claire, Monroe and Wausau, Wis., and Winona and Fairmont, Minn., begins March 4th. Special inducements to students entering on or before that date. Mr. Toland's schools have received a liberal patronage from this town and vicinity and the fact that every student, who has graduated, has secured desirable employment, makes special commendation unnecessary. Beautiful catalogue containing portraits of more than 300 of Mr. Toland's graduates now holding desirable positions sent free. Address P. J. Toland, La Crosse, Wis.

Wm. Annas, who lives up the river near Biron, was in to call at the Tribune office on Monday, and while here made some very emphatic statements concerning his neighbors up that way. In fact, from what we understood, it was William's intention to have us state that remarks dropped by some of his neighbors were not exactly in accordance with strict veracity, that is to say, they are prevarications, or, to use the words of William, himself, it would be about as follows: "You just tell them in your paper that those neighbors of mine are damned liars!"

Wm's wife is the one who ran away from home last winter and staid in the woods for five days, freezing her feet badly, so that parts had to be amputated. Through the careful care of a surgeon the woman has again gained the use of her feet and is now able to get about the house and do some work. Some of the neighbors have reported that Mr. Annas had of late been in the habit of compelling his wife to accompany him to the woods and assist in cutting cordwood, which Mr. Annas claims is a base fabrication.

Clinton Kruger is the latest victim to have the mumps.

PORT EDWARDS.

Port Edwards people were quite in evidence at the minstrel entertainment in Grand Rapids on the 12th. Among those attending we noted: Mr. and Mrs. W. A. Brazeau, Mr. and Mrs. E. B. Garrison, C. A. Jasperson, Miss Fanny Burrows, the Misses May and Anna Olson, R. L. Vachrean, Curly Cleveland, Miss Cleveland and C. S. Whittlesey.

Mrs. Herbert Lapham of Nekoosa is visiting with her parents Mr. and Mrs. Sherman Cleveland.

Bert Nason of Nasonville was the guest of Chas. Whittlesey one day this week.

Otto Roenius made a business call here one day this week.

GENERAL COUNTY.

At McWhitney's saw mill three miles from Milladore, John Weinholtz, aged 19 years, lost his right hand and part of his left by coming in contact with a big bar saw just as the mill was starting up last Saturday morning. Dr. Lathrop of Marshfield was sent for and amputated the right arm below the elbow. Later the young man was taken to St. Joseph's hospital of Marshfield. His mother who has been dependent upon him for support is nearly heart broken over the sad calamity that has befallen her son.

John Kennedy of Auburndale met with a misfortune one day last week. He was rolling logs at the Connor Co.'s yard when he was severely hit and sustained a broken leg.

A Fancy Dress Party.

(Continued.)

At about 8 o'clock Monday evening certain mysterious figures were seen wandering their way to the residence of Mrs. Geo. R. Gardner, where the Woman's club, with a few of their friends met in all manner of disguises.

Night in deepest black wore all her stars, and was kept company by Jack Frost, glittering with diamond dust. George Washington Jensen and Miss Ambolina Snow displayed the latest fashion of Countess, while Aunt Dinah with her red bandanna had work keeping track of Topsy, who was always in mischief. The Gold champion took the prize on his latest paid costume. Lieutenant Hobson escorted Miss Valentine, resplendent with hundreds of bleeding hearts, the bells of the Domino Queen made a merry tinkling, while Miss Priscilla Flower was a conservatory of herself. A Spanish Troubadour, Jaunita, and the Syrian girl displayed the elegant costumes of the far East, while Pogoh's proved to be the typical Indian Princess. A S. S. of Charity kept company with a Red Cross Nurse, and the Cuban Queen wore brocade which some guests declared were not her own. This however could not have been the case with the Domino Queen, who had fine white curls of 17th Century make. Dolly Dimple and her doll tread candy hearts with the Normandy Peasant Girl, and were only kept in order by the ever-inspiring Mr. Jekyll and Mr. H. G. Samanthay Allen displayed a brooch 200 years old, and with Janice Meredith, Penelope Higgins, and Deborah Paine Smithers patterned the latest style in dress of a hundred years ago. Aunt Brown was duly seated, but Little Gretchen might have been seen entering the favor of the young men.

The house was decorated with masks and stuffed figures. Miss Carmack and stuffed figures. Miss Carmack won a prize for guessing the largest number of names of the guests. After a fantastic cake-walk and minuet, the guests were served

with elegant refreshments, and a number of dash-light pictures taken by Miss Mabel Gardner. The revelry continued until a late hour, and all the guests declare it the most enjoyable event of the season.

Those present were: Mesdames Harrison, D. J. Arpin, H. H. Wipperfurth, Hambrecht, J. W. Cochran, B. M. Vaughan, Lipke, Thompson, Daly, Miller, W. F. Kellogg, L. P. Witter, and the Misses Heimdal, Kroner, Briere, Whitlock, Sedgwick, Emmons, Hasbrouck, Phillo, Ethel and Anna Farrish and Gardner, Mrs. Ivy Phillo, Mrs. F. W. Kruger, and Mrs. J. E. Thomas of Nekoosa.

High School Notes.

A special meeting of the Forum was held Wednesday afternoon after school for the purpose of deciding in regard to the electric lantern. It was decided to wire the schoolhouse for that purpose as well as for ten electric lights and that the lantern should be used and operated by the superintendent, Geo. P. Hambrecht. Alvin Bryant has offered to wire the schoolhouse free of charge if the society furnished the material, which offer was accepted and all members acknowledge his great favor and kindly thank him for the same.

The rhetorical program rendered in the school this afternoon had the following names on it: Herman Hansen, Amelia Hansen, Louise Hindson, Emma Johnson, Lizzie McCarthy, Kierke Muir, Wm. Milstein, Irene Styles, Chas. Whitlock, Clara Yonko, Hannah Jacobson, Amos Griffith, Geo. Hamming, Nettie Ottman, Chas. Fosgate, Mamie French.

A subscription was started by the high school pupils for the purpose of buying a new and larger microscope for the use of the botany class than they now have. At the rate they have been subscribing it will not be long before we will have a new microscope.

Mr. Hambrecht is contemplating organizing a class on elocution. The class will be made up of all the pupils who are not interested in music, and who do not carry over three studies. The class would meet two or three times a week.

Miss Agnes Hocking, a former teacher in the west side high school visited the high room on Tuesday morning. At present she is attending the university at Madison and was here on a short vacation visiting her many friends.

A senior class meeting was held Thursday afternoon after school and the class has begun work on the commencement program, which, as there are so many in the class, is a very difficult matter to decide.

The regular class meeting of the Senior class was held last Thursday afternoon after school for the purpose of settling definitely on a class pin.

A dance is to be given this evening in the Wood building next to the Wood County National Bank by the students of the high school.

A coasting party was assembled at plank hill last Monday night, where all kinds of sliding took place.

The Forum program for Feb. 15, 1901, is as follows:

Roll Call.....Response, Quotations
Music.....Glee Club
Reading.....Will O'Connell
Essay.....Harry Little
Debate—Resolved, that the United States senators should be elected by the direct vote of the people.

Railroad Talk.

A number of officials of the Wisconsin Central railway visited Marshfield last Friday on an inspection tour of the road. Included in the party were President H. F. Whitcomb, Controller Robt. Toombs, Chief Engineer Robt. B. Tweedy and a number of New York directors who have not been over the line for a long time. The special train consisting of two coaches and a baggage car went down to Nekoosa in the evening over the M. & S. E. Gen. Mgr. C. H. Grundy accompanied the party. Here they spent the night and visited the paper mills Saturday morning. Whether the trip over the Southeastern has any significance there is no means of ascertaining at this time, but there is a strong likelihood that the Central may still purchase this piece of road in the scheme of shortening its main line between Milwaukee and St. Paul. —Marshfield News.

COONS OF BLACKVILLE.

Their Minstrel an Entertainment of Unprecedented Merit.

The grand opera house was packed to the doors on Tuesday evening when the curtain was rung up. From the bald-headed row to the nigger heaven there was not one empty seat, while many chairs were placed in the aisles to accommodate late comers from out of town who had not had the forethought to secure seats in advance.

Before the curtain rose the merry strains of "Happy Days in Dixie" were heard and when the curtain went up the chorus burst forth in all its rollicking melody, the stage being occupied by the entire company standing. As the chorus neared the end the end men executed a few fancy steps, all regaining their place as the music stopped. At a word from the inter-locutor all were seated, and to look at their placid beaming countenances one could hardly realize that it was a bunch of amateurs that occupied the stage.

The first end men on each side, Messrs. Corriveau and Andrews, were gorgeously arrayed in shirt waists of the very latest approved patterns and colors with trousers and jokes to match, while the other four end men Messrs. Croteau, Armstrong, Stamm and Podawiltz were immaculately clothed in white duck, with shirts that could be heard above the orchestra at all times. The interlocutor, Mr. Bryant, wore a white satin suit with after the style of colonial days, with powdered wig, and as the girls all said, was "just too cute for anything." The rest of the circle was dressed in black and the orchestra wore a neat red uniform and furnished music that was full of harmony.

After the entertainers on the end had had their preliminary say of wit and humor Mr. Stamm sang "The Wedding of the Chinese and the Coon." Mr. Stamm has a rich powerful voice of great carrying power and a song by him is always appreciated by a music loving audience.

"Day after Day" by Ed. Armstrong was haddled in a masterly manner and drew forth thunders of applause from an appreciative audience.

"When Reuben comes to Town" by Joe Corriveau, popularly known now as Bur Oak, was one of the best of the series. Joe seemed to know what he was up there for all the way through and governed himself accordingly.

Charley Podawiltz sang "Just because she made them Goo Goo eyes" and rendered it in a manner that proved him to be a born entertainer. Charley makes a warm coon and no mistake.

Pet Croteau then rose to the occasion with "Just tell her that I loved her too." Pet has a very sweet voice with good carrying power and showed himself to be worth more than passing notice.

Ernest Andrews as "Red Oak" sang "Would you" and the manner in which he handled his solo showed him to be one of the very best in the bunch.

After another solo by Mr. Stamm entitled "Tale of a Kangaroo" there was a chorus and the first half was over.

During the interval between the first and second part the orchestra played a fine descriptive overture entitled "Hunt in the Black Forest" which was rendered in good style and with all the accompanying frills that went to make it realistic.

The second part opened by a pugilistic encounter on roller skates between Red and Bur Oak. It was very spirited while it lasted but both participants were able to leave the stage without assistance.

The farce that followed contained a large number of the members of the company and each proved himself an artist in his particular line. A. W. Bryant here appeared in black face as the "Mammy" of the gang while Bobby Nash made a very acceptable Topsy.

Cleve Akey played the piano in artistic style, while Marcel McCarthy and "Popcorn" Ramsey assisted in making things lively.

Emile Lambert played the Hyperion polka on his trombone with his usual character and finish and there were songs by Mr. Bryant, Otto Roenius, Pet Croteau and a dance by Topsy.

The dancing by Laroux and Babcock was one of the features of the evening and they were encored both collectively and individually.

The closing was a cakewalk by the pickaninies which was executed with the same pleasing manner as the older ones had shown in their parts.

Taken from one end to the other the show was a howling success from start to finish and the boys cleared up about \$150 which will be used to hire instruction for the band. The boys are to be congratulated on their success.

Want Another Railroad.

Neis Covey, deputy sheriff and Hugh McLaughlin of Pittsville were in the city on Wednesday. They report that a petition will be presented by the people of Pittsville to the Northwestern Railway company asking that the company run their road to the city of Pittsville from this city.

The people of Pittsville are not at all satisfied with the railway facilities they now have, there being only one train a day either way, and any one coming to the county seat must lay over all night at Babcock or else drive there by team, or drive to Dexterville, a distance of four miles, and come here by way of the Green Bay road.

The citizens over there feel that they have enough business to warrant the road running there. Among other things they ship each year five or six thousand cords of cordwood, besides the usual amount of merchandise and farm products usually produced in a good farming section.

Death of Mrs. Dudley.

Mrs. Sarah Dudley, mother of Mrs. Olive Boyer and Frank Dudley of this city, died at Merrill on Monday morning at the age of eighty-nine. The deceased formerly lived in this city. The following is from the Merrill Advocate:

The death of Mrs. Sarah Dudley at the home of her daughter, Mrs. M. Dufresne, on Monday morning, marked the passing of one of Wisconsin's oldest pioneer residents. She was eighty-nine years of age at the time of her demise and had made her home in this state for forty-five years.

Born in the state of Vermont on the 29th day of May, 1812, Mrs. Dudley spent her early years there, before being united in marriage to Anthony Dudley at Rochester, New York. Coming west to Wisconsin in 1844, they settled at Watertown for a time. In the year 1865 they moved to Berlin, and finally in 1874, they went to Grand Rapids to make their home, where after a few years Anthony Dudley died. Mrs. Dudley has since spent her days among relatives in Grand Rapids and in Merrill. She leaves five sons, Henry Dudley of Dudley, this county, Anthony Dudley of Menasha, Steve Dudley of California, Israel Dudley of Northfield, Minn., and Frank Dudley of Grand Rapids, also eight daughters, Mrs. Sophia Eliatreau of Fond du Lac, Mrs. Olive Boyer of Grand Rapids, Mrs. Amelia Frank of Pittsville, Mrs. M. Dufresne and Mrs. Ellen Eliatreau of Merrill, Mrs. Sarah Poirier of Watertown, Mrs. Pauline Dudley of Toledo, Ohio, and Mrs. Julia Meyers of Columbus, Ohio.

The funeral occurred on Wednesday, Rev. Father Hens, of the St. Francis Xavier church, officiating. The remains were taken to Grand Rapids for burial.

Lincoln Washington Program

Sunday evening program for February 17th, 1901, at the First Congregational church, Grand Rapids, Wis.

Piano Voluntary, Prelude, Chopin.

Chorus, "Liberty" Song of Ancient Rome.

Argument, "The bitter hatred which had long existed between the two hereditary castes of Roman people reached its climax during the reign of the Emperor Nero, when the people of the lower class, known as the Plebeians, were persecuted and cruelly treated. Every act of justice and equity they were unable to stand it longer, and the outbreak that followed caused the downfall of the Emperor. The musical composition endeavors to describe this feeling just preceding the outbreak and general call to arms."

Select Reading, "Joseph the Engineer." This is taken from a period of history to illustrate hero worship and the belief in power of heroes to overcome the enchantment of the Evil from Fairy Land.

Prayer, Mr. Otto Roenius.

Piano Solo, "Romance," Schumann.

Chorus, "The Gallant Troubadour," M. Watson. The poem by Sir Walter Scott gives an impression of the devotion and loyalty of the knight errant, a period of history which is so fascinating to most people. And from that period comes romance which woman has received ever since, previous to that time she was considered in light of property.

Announcements.

Chorus, "The March of the Goths," from Germania, Fr. Krieger.

This is a musical composition descriptive of the breaking into Rome by the Goths from the North. It first describes the noisy host and war cry of "Forward, Comrades in war!" and the exultation on part of the Goths for having overcome their enemies. The description is then taken up in the telling of the ruins of about them and joined by the tenor in which the beauties of the South lay open before them inviting them to come. This is followed by the entrance and Alaric, the conqueror, and warfare is done now we shall dwell under sunshiny skies. It closes with lengthy tribute to their "King, who art ever victorious."

Address, Rev. B. J. H. Shaw.

Hymn 62, America.

The School House Site.

The school commissioners met again on Monday evening and after considerable discussion voted on the site for the new schoolhouse with the result that the fair grounds were selected as the best place available for the location of the building.

Numerous sites had been looked up and priced by the committee appointed for this purpose, but as these all ranged in price from \$7,000 to \$10,000 and then for only a small piece of ground that was only a few blocks nearer the central part of the city none of them were considered. The vote on the site stood 7 for the fair grounds to 6 against, three of the commissioners being absent. It is probable, however, that before anything more is done in the matter another meeting will be held to see if a more unanimous verdict cannot be reached in favor of the site selected.

The commissioners who have the matter of building in charge feel that in the erection of a \$30,000 building there are enough technical difficulties to contend with without starting out with nearly half of their number contesting the first step.

GRANTED THE AID.

Common Council passes Resolution for Rebate Taxes.

The aid asked by the consolidated Water Power company has been granted by the council although the amount granted is considerably less than the amount asked for.

The petition presented at the meeting of the common council on the 5th instant had been under consideration by a committee during the entire week. The committee had a hard job on its hands and they realized it. It was evident from the first that it would be impossible to please every body and the general verdict now seems to be that the committee and council have done as well as was possible under the circumstances.

The petition as originally presented to the council asked that the company be exempt from taxes on any improvements that they might make for a period of five years said period to date from the first of January, 1902. The resolution as passed by the council promises the company exemption on improvements for a period of 3 years, said three years to commence from the first of January, 1901. The petition emanating from the company would grant them exemption until January 1, 1907; the resolution as passed by the council grants them exemption until January 1, 1904, a difference of three years. This compromise of the matter seems to be pretty generally satisfactory among the people, while the conditions of the first petition caused a great deal of dissatisfaction. Whether or not the terms of the resolution as amended will meet the approval of the company has not been learned at this writing.

Another matter that was disposed of was the clearing up of the city's title to the fair grounds. This was done by paying to the parties in the suit against the city the sum of \$306 and receiving from them a quit claim deed to the property. This was in case the city wanted to use the property for school purposes.

COUNTY BOARD MEETS.

Three More Townships in the County than Formerly.

The county board met at the court house on Tuesday and transacted a lot of routine business during the few days they were in session.

One of the things done was the creation of three new townships, their names being Carey, Dexter and Arpin. The town of Wood was divided so that the towns of Carey and New Wood are made of territory formerly belonging to this town alone, while Dexter has within its borders two tiers of sections from the town of Remington, the remainder being taken from the town of Wood. The towns of Vesper and Seneca were divided as to make three townships, they being New Vesper, Arpin and New Seneca.

The matter of whether the county officers who retired from office in January were entitled to the extra week's pay which they drew was taken up and the board decided that they had worked an extra week and were entitled to pay for time put in.

B. F. McMillan of McMillan appeared before the board and made an address on the subject of good roads. Mr. McMillan is an enthusiast on this subject and he directs a great deal of his energies toward the matter of the improvement of country highways.

Among other things he pointed out the educational advantages to be derived from good roads and upon request of certain members of the board advanced some theories that had proved advantageous when put in practice on dirt roads.

Some mention was made of returning to the town system of supporting poor but nothing was done favoring the scheme.

A Valentine Party.

On Thursday evening a valentine party was given at the home of Mrs. E. T. Harmon by the ladies of the Travel class in honor of the Woman's club and the Historical and Literary club. The guests began to arrive about 8 o'clock, being received by Mesdames Harmon, Paulus, Witter and Philico. Each guest was presented with a carnation on entering by Rene Philico and Marjorie Kellogg and the house was a veritable bower of roses, carnations and sunflowers.

The guests were arriving and during the evening the mandolin club dispersed sweet music. Games appropriate for the evening were played and after a search in all the nooks and corners of the house it was found that Miss Briere had been the successful finder of 46 hearts and was presented with a statuette of cupid. In the literary game that followed Mrs. Thomas of Nekosca was the fortunate winner of a pretty little cupid placque. The guests then partook of a dainty feast, each lady finding on her plate a souvenir heart. During refreshments toasts were responded to by the representatives of the different clubs. Mrs. Gardner on "The Ladies and Their Organizations," Mrs. Kellogg on "Woman, Her Trivialities and Frivolities" and Miss Larkin on "The Club Women of Grand Rapids." The toasts were heartily enjoyed by all present and made the occasion "a feast of reason and a flow of soul."

George Thorn had his left leg badly bruised on Saturday while engaged in piling logs on the banking ground of the F. MacKinnon Manufacturing Company. The logs were being rolled up by team when his leg was caught and would have been smashed had the logs not been kept apart by a large knot on one side. As it was no bones were broken.

Council Proceedings.

Council Room, Feb. 12, 1901.
Council met pursuant to adjournment Mayor Grogins presiding.
Aldermen present Wood, Lutz, Reiland, Farrish, Kruger, Pratt, Bundy, Otto, Anthofer, Kellogg, Oberbeck, Schnabel, Rossier, Hill and Boles.
Minutes of previous meeting read and approved.

The committee to whom was referred the petition of the Consolidated Water Power Company and others asking the exemption of taxes from their dam and other improvements made the following report:

To the Honorable, the Mayor and the common council of the city of Grand Rapids, Wisconsin:

We, the undersigned committee to whom was referred the petition of the Consolidated Water Power Company and two hundred and sixty-six other tax payers of the said city of Grand Rapids, praying that the common council of the said city, by resolution remit all taxes that may be assessed on certain real estate, within the corporate limits of said city, owned by the said Consolidated Water Power Company, and a certain proposed corporation to be organized by Nels Johnson, J. D. Witter and others, for the purpose of using the water power owned by the Consolidated Water Power Company, that may be in excess of what the taxes would have been on said real estate if the same was assessed at the valuation placed on said real estate for the year 1900, for a period of five years commencing with the year 1902: Beg leave to report as follows:

On Saturday, February 9th, A. D. 1901, we held a public meeting at the council rooms in the said city of Grand Rapids between the hours of 8 o'clock and 10:30 o'clock P. M. for the purpose of giving tax payers of said city of Grand Rapids an opportunity to express their opinions on such a remission of taxes.

That the meeting was fairly well attended by representative tax payers and the matter was quite fully discussed by E. E. Nash, L. M. Nash, J. A. Gaylor, E. MacKinnon, E. P. Arpio, B. M. Vaughn, Nels Johnson and E. J. Wood.

From the discussion, and from our own inquiries the committee arrived at the conclusion, that a majority of the tax payers in the city of Grand Rapids were in favor of granting some concession by the way of a remission of taxes to the said Consolidated Water Power Company, and the proposed corporation to be organized by Nels Johnson, J. D. Witter and others but not to the extent prayed for in the petition.

And in recommending a certain remission of taxes on the proposed improvements to be made by the said Consolidated Water Power Company and the proposed corporation that is to be organized by Nels Johnson, J. D. Witter and others, your committee has been guided by the following reasons:

First, That a majority of the tax payers of the city of Grand Rapids, favor it.

Second, That in the past a certain remission of taxes on new industries has been granted with good results to our city.

Third, That it will have a good effect in causing capital to seek investment within our city.

Fourth, That our city will be benefited thereby to such an extent as to amply repay us for such a remission of taxes.

In our opinion, proposed improvements and new industries to be carried out on a large scale, should be encouraged. But such encouragement should cease as soon as the new industry is fairly launched and should commence to produce some profit.

We therefore, recommend the remission of all taxes that may be levied and assessed on all construction material and other personal property used or intended to be used, by the said Consolidated Water Power Company, and the proposed corporation in building their dam in the Wisconsin river and developing their water power and in making all other improvements in the way of buildings etc., connected with the said dam or water power for the year 1901.

We further recommend the remission of all taxes in excess of what the taxes would have been if based upon the assessed valuation of 1900, on all real estate owned by the said Consolidated Water Power Company and the proposed corporation, in building said dam, developing said water power and other improvements such as paper mill, pulp mill, pumping station and power house, together with all real estate hereafter acquired by either of the said corporations and necessary to be used in building said dam, developing said water power or in building said paper mill, pulp mill, pumping station or power house for the years 1901, 1902 and 1903.

Dated this 11th day of February, A. D. 1901.

E. C. ROSSIER,
N. REILAND,
H. S. BOLES,
Committee.

Moved by Alderman Schnabel and seconded by Alderman Anthofer that the report be adopted and placed on file carried by the following vote:

For adoption Lutz, Reiland, Bundy, Otto, Anthofer, Kellogg, Oberbeck, Rossier, Hill and Boles. Against adoption Wood, Farrish, Kruger, Pratt and Schnabel.

Alderman Hill offered the following resolution:

Resolved, That all taxes which may be assessed and levied against all real estate owned by the said Consolidated Water Power Company, within the corporate limits of the said city of Grand Rapids, or which may hereafter be acquired by the Consolidated Water Power Company, or the proposed corporation to be organized by Nels Johnson, J. D. Witter and others, and which is necessary for the building of the dam and the development of the water power in the Wisconsin river, or for the erection and construction of the paper mill, pulp mill, pumping station or power house, or other improvements, as shall be in excess of what the taxes upon said real estate would have been if said real estate was assessed at the valuation placed upon said real estate for the year 1900, be and the same is hereby remitted and cancelled for the years 1901, 1902 and 1903.

Be it further Resolved, That hereto annexed, marked "Exhibit A," as a list of all real estate now owned by the said Consolidated Water Power Company upon which all taxes for improvements thereon during the years 1901, 1902 and 1903 are to be remitted as aforesaid.

Moved and carried that a committee be appointed to look up the matter of selling the Princeton & Northwestern Ry. Co. a strip of land 200 feet wide, crossing the city water lot. Committee with power to make price and other terms of sale and to authorize transfer of title without further

action of the council. Schnabel, Wood and Farrish were appointed as such committee.

Moved and carried that the street committee purchase rock in such amount as they deem necessary for use this coming summer, at a price not exceeding \$2.36 per cord of 15,000 pounds.

On motion the chief of police was authorized to purchase 25 cords of green and 5 cords of dry wood for library building and city hall.

To the Common Council, city of Grand Rapids, Wisconsin.

GENTLEMEN:—Reporting upon the action of J. D. Witter and others against the Wood County Agricultural and Mechanical Association and the city of Grand Rapids, known as the "Fair Ground Case" in which I appear at the Attorney of record for the Defendants, which case is now pending in Green Bay, Brown County. I desire to say, that the plaintiff's attorney expresses a willingness to have that action dismissed on its merits, and to quit-claim the lands known as the Fairgrounds to the city upon the payment by this city to the plaintiffs of the sum of three hundred and six dollars, costs.

Every day of the trial at Green Bay if the city continues to employ the firm of attorneys formerly employed by it there, will cost, at least, the sum of \$200 and the trial will probably last three or more days, so, laying aside the rights of the case and viewing it entirely from a money standpoint, it might be better for the taxpayers, that the parties compromise the case in the way suggested above. I ask the common council's instructions in this matter.

Dated Feb. 10th, 1901.

B. M. VAUGHAN.

Attorney of record for Defendants.

Moved and carried that the above report be adopted and that mayor and clerk procure quit claim deed and pay the plaintiffs' \$306.00.

There being no further business upon motion council adjourned.

MILTON W. MOSHER,
City Clerk.

The Chinese New Year.

Next Monday, February 18, marks the beginning of a new year in the Chinese calendar, on which occasion every well bred Chinaman is supposed to celebrate, not as their more civilized brethren do in a great many cases by getting a sociable jag, etc., but by feasting and merrymaking.

A Tribune reporter visited Charles Lee at his laundry on Thursday in order to discover how Charley and his assistant intend to celebrate the day. Charles, by the way, is an intelligent Chinaman who has made his home in this country during the past twenty-six years, having landed at Portland, Oregon, in 1874, since which time he has visited about all the large cities from the Pacific to the Atlantic coast, and has now reached the staid age of 52 years. Charley explained that it was not customary for Chinamen, when there were only two or three in a town, to celebrate the new year, but in the large cities where there is quite a community of the celestials, they assemble on that day and have a real time.

A great deal of preparation is made for the dinner on that day. A Chinaman may get along on a modified form of American grub for a greater part of the year, but when New Year day arrives there is just one place where the right kind of food can be obtained and that is in China. Of course, American pig, when roasted, makes a good foundation for the banquet, but it is the "trimmings" that have to be imported from the far east. There are birds' nests, chop sooy, dried lizards and other delicacies that us ordinary dubs don't know anything about. It would be safe to wager, that there isn't a grocery in town where a fellow could secure a half a peck of dried lizards provided he wanted to get up a spread that was extra nice, so, of course, the Chinaman must send to his own country for these things where he can get a prime article.

They don't reckon time over in China just as we do here. Their months have either twenty-nine or thirty days, and none of them have thirty-one as do some of ours. The year of nineteen hundred had in their calendar, thirteen months, but the coming year will only have twelve. They have three years of twelve months each, and then they have a leap year that has thirteen months. An attempt was made to discover if this thirteenth month corresponded in any way with any word in the English language, but Charley was unable to furnish any information on this point.

Their calendars are printed all on one sheet and start in with the first month of the year in the upper right hand corner, and are read from right to left instead of left to right as we do. In each square is the number of the day according to Chinese reckoning and also the number of the day and month according to the English method, but all in Chinese, at least that is what Charley said the hieroglyphics meant, and it has been so long since we studied Chinese that we did not care to dispute him. These Chinese calendars are printed in San Francisco and besides the calendar, has the name and address of all the Chinamen living in San Francisco. These names and addresses are printed in English and Charley showed us the name and address of an uncle who resides there. Besides the calendar and addresses there was a large amount of other reading matter on the sheet, jokes, most likely, like we have in our almanacs, but then we did not have time to read them all as they were also printed in Chinese.

Charley had a number of new year cards prepared which he intends to spring on his friends in different cities all over the country. They are on strips of red paper about three inches wide and six long and had three hieroglyphics on each that closely resembled the place where some one had stepped on a large spider. Charley also had his envelopes all ready to send the greetings and each had the name and address of the party in English besides a bunch of Chinese over on the left hand end of the envelope. The Chinese are certainly a queer race and one in which the costumes of the country seem to hang to the natives with hardly a change, no matter where they live or how long they have been away from their own country. As one sizes up the situation here he is impressed with the idea that the laundry business must be awfully overdone over in China.

Don't Forget the dance at the Opera house on Monday evening. It will be the last before Lent and Hirzy's full orchestra will be in attendance to furnish their usual quality of dance music. Tickets to the dance are one dollar, spectators, 35 cents.

Ketchum the ice man has been putting up his season's supply of ice for several weeks past. It is about 24 inches thick and as clear as a crystal, there being no snow to amount to anything on the surface. He expects to house about 8,000 cords.

Roosters often crow over eggs they did not lay. Same with people who sell an imitation Rocky Mountain Tea, made famous by the Madison Medicine Co.'s advertising. 35c., at Johnson & Hill Co.

Miss Christina Rick, daughter of Joseph Rick, was operated on Thursday for peritonitis of one of the bones of the fore arm, which had caused the young lady great pain. It is thought that she will quickly recover now that the cause of her ailment has been removed.

Fred Femling of Armenia and Miss Dora Otto of Nekeosa were married at the Methodist parsonage Thursday evening by the Rev. W. A. Peterson. Will Granger and Miss Louise Sweat stood up with the young people, who will make their home at Armenia.

Among those who were in attendance at the funeral of Mrs. Sarah Dudley on Wednesday were Anthony Dudley of Menasha, Henry Dudley of Dudley, Mrs. S. Filiatreau and son Walter of Temahawk, Mrs. Ellen Filiatreau of Merrill, Mrs. Amelia Frank and son Walter of Pittsville and Mrs. S. Du. fresne of Merrill.

L. C. Gibbs, the young man who was arrested on a charge of embezzlement, had his hearing before Justice Kroner on Saturday and Monday and was bound over to appear at the next term of the circuit court. The defense did not summon any witnesses nor introduce any evidence. The bonds were fixed at \$500, which were promptly furnished.

Miss Alice Nash entertained a party of young friends at the Witter house Sunday evening in honor of Miss Agnes Hocking of Darlington. Those present were Mr. and Mrs. E. B. Garrison, Mr. and Mrs. Sam Church, Misses Nellie Ward, Alice Nash, Dora Wood, Agnes Hocking, Messrs. Will Fayant, G. T. Blynd, Ray Love and Chas. Podawiltz.

Thomas Nash met with a painful accident on Saturday afternoon. He was driving home from this city and was standing up in the sleigh when some obstruction was struck, causing Mr. Nash to pitch forward. He struck on his face on the tongue or whiffletree, breaking his nose. A surgeon fixed him up and he will no doubt be all right again in a few weeks.

The coming of a great star or a great play is always a delight and we announce the coming of Mr. Frank Keenan and his superior company with much pleasure. The special interest in this attraction is that he will be seen in Sol Smith Russell's famous comedy, "A Poor Relation," in which it is said Mr. Keenan almost eclipses the original in the part of Noah Vale. The company is meeting with great success. They will be at the Grand opera house on March 6th, 1901.

Mrs. Severe Voyer died at Plover on Wednesday and was buried on Friday. Mr. Voyer was a former resident of this city.

The 20th Century Place No. 2 is to be opened this (Friday) evening and no doubt there will be a large crowd in attendance. All kinds of quick meal articles will be served.

—Take Rocky Mountain Tea. See it exterminate poison. Feel it revitalize your blood and nerves and bring back that happy, joyous feeling of boyhood days. 35c., at Johnson & Hill Co.

The young Ladies' Sodality of SS. Peter and Paul church gave a valentine party at the Forester hall on Thursday evening at which there was a large crowd in attendance. There was a musical and literary program under the supervision of the young ladies with refreshments. After the conclusion of this part, the boys stepped in and had a dance to which a large number stayed. The young ladies realized about \$60 out of the party.

—Bridges rivers tunnels mountains, builds cities, gathers up the scattered rays of one's ability. That's what Rocky Mountain Tea does. 35c., at Johnson & Hill Co.

A bill was introduced in the legislature last week by Assemblyman Johnson which provides for the establishment of two county schools of agriculture and domestic economy. Should the bill be passed, these schools will be given to the counties that seem to evince a desire to have them located within their confines. The bill also provides that the schools shall receive aid from the state to the extent of \$2500. In view of the fact that our citizens seriously contemplate building a new high school why would it not be a good thing for them to keep track of the bill and if passed make an effort to get one of the schools.

—The spring term of the Toland Universities located at LaCrosse, Eau Claire, Monroe and Wausau, Wis., and Winona and Fairmont, Minn., begins March 4th. Special inducements to students entering on or before that date. Mr. Toland's schools have received a liberal patronage from this town and vicinity and the fact that every student, who has graduated, has secured desirable employment, makes special commendation unnecessary. Beautiful catalogue containing portraits of more than 300 of Mr. Toland's graduates now holding desirable positions sent free. Address F. J. TOLAND, La Crosse, Wis.

Wm. Annas, who lives up the river near Biron, was in to call at the Tribune office on Monday, and while here made some very emphatic statements concerning his neighbors up that way. In fact, from what we understood, it was William's intention to have us state that remarks dropped by some of his neighbors were not exactly in accordance with strict veracity, that is to say, they are prevarications, or, to use the words of William, himself, it would be about as follows: "You just tell them in your paper that those neighbors of mine are damned liars!"

Wm's wife is the one who ran away from home last winter and staid in the woods for five days, freezing her feet badly, so that parts had to be amputated. Through the careful care of a surgeon the woman has again gained the use of her feet and is now able to get about the house and do some work. Some of the neighbors have reported that Mr. Annas had of late been in the habit of compelling his wife to accompany him to the woods and assist in cutting cordwood, which Mr. Annas claims is a base fabrication.

Had to Conquer or Die.

"I was just about gone," writes Mrs. Rosa Richardson, of Laurel Springs, N. C., "I had consumption so bad that the best doctors said I could not live more than a month, but I began to use Dr. King's New Discovery and was wholly cured by seven bottles and am now stout and well. It's an unrivaled life-saver in consumption, pneumonia, la grippe and bronchitis; infallible for coughs, colds, asthma, hay fever, croup or whooping cough. Guaranteed bottles 50c and \$1.00. Trial bottles free at Johnson & Hill Co.'s and John E. Daly's drug stores.

Town Topics reproduces a verse supposed to be written by the Prince of Wales for his pals, as a relief to the diplomatic gush and mush about his visit here:

With your Fifty-somethingth avenue
And your Thousandth-something street:
With your only one good restaurant
Where a gentleman can eat:
With your under-flavored oyster
And your over-flavored clam;
With your rank and stringy mutton
And your tough and tasteless ham.
There's nothing in the bar-staid country
That's worth a bloomin' damn!

BIRON.

A sleigh load of boys and girls went to Nekoosa Saturday night to attend the dance given by the firemen. They all report a jolly time.

Mr. and Mrs. Alpine, Mrs. Stearns and son attended the show Tuesday night and report a fine time.

Mr. and Mrs. Chas. Eberhardt of the east side were guests of Mr. and Mrs. Kempfert Sunday.

Mrs. Fred Phillips and her brother, Tony Kaiser, of Rudolph spent Sunday with Miss Nettie Akey.

Miss Julia Barrett spent Wednesday and Thursday in this burg with friends.

Mr. Daly was in this burg Wednesday looking over things.

Boony Biron is on the sick list this week.

CRANMOOR.

The work being done around the section house at the station would indicate the intention of the railroad company to make some change, possibly its removal to some other point. We wish it were going to be fixed up in good shape and occupied by a reliable section man. Then we should not fear fires as much in summer and patrons of the road would have shelter in cold and stormy weather while waiting for trains.

J. W. Fitch was the first in the neighborhood to get up the season's supply of ice. S. N. Whittlesley and son put the last load in their ice house Thursday. Timothy Foley will probably have his supply up this week.

Misses Laura Emmons and Belle Akey, teachers at Babcock, came up on the 5 o'clock train Monday afternoon to see Mr. and Mrs. Thos. Rezin. They returned on the evening train.

There has been no session at the south school this week on account of illness of the teacher, Miss Anna Granger.

Mrs. Lena Suhs came down from Grand Rapids Monday night and hereafter will make her home with the Whittlesley family.

Uncle Tommy Rezin, who was quite ill a couple of days last week, is up and around again all right.

Mrs. James Gaynor is still at Rochester, Minn., caring for her injured father and sick brother.

Harold Foley, who was confined to the house last week with mumps, is about again.

Charles and Eddie Kruger are getting up fuel, so also is the Gaynor Co.

Robert Steel, after a severe time with a gripple, is able to be out again.

Clinton Kruger is the latest victim to have the mumps.

PORT EDWARDS.

Port Edwards people were quite in evidence at the minstrel entertainment in Grand Rapids on the 12th. Among those attending we noted: Mr. and Mrs. W. A. Brazeau, Mr. and Mrs. E. B. Garrison, C. A. Jasperson, Miss Faany Burrows, the Misses May and Anna Olson, H. L. Vachrean, Curly Cleveland, Miss Cleveland and C. S. Whittlesley.

Mrs. Herbert Lapham of Nekoosa is visiting with her parents Mr. and Mrs. Sherman Cleveland.

Bert Nason of Nasonville was the guest of Chas. Whittlesley one day this week.

Otto Roenius made a business call here one day this week.

GENERAL COUNTY.

At McWhitney's saw mill three miles from Milladore, John Weinholz, aged 19 years, lost his right hand and part of his left by coming in contact with a log saw just as the mill was starting up last Saturday morning. Dr. Lathrop of Marshfield was sent for and amputated the right arm below the elbow. Later the young man was taken to St. Joseph's hospital of Marshfield. His mother who has been dependent upon him for support is nearly heart broken over the sad calamity that has befallen her son.

John Kennedy of Auburndale met with a misfortune one day last week. He was rolling logs at the Connor Co.'s yard when he was severely hit and sustained a broken leg.

A Fancy Dress Party.

At about 8 o'clock Monday evening certain mysterious figures were seen venturing their way to the residence of Mrs. Geo. R. Gardner, where the Woman's club, with a few of their friends met in all manner of disguises. Night in deepest black wore all her stars, and was kept company by Jack Frost, glittering with diamond dust. George Washington Janssen and Miss Ambolina Snow displayed the latest fashion of Coontown, while Aunt Dianah with her red bandanna had work keeping track of Topsy, who was always in mischief. The Golf champion took the prize on his latest plaid costume. Lieutenant Hobson escorted Miss Valentine, resplendent with hundreds of bleeding hearts, the bells of the Domino Queen made a merry tinkling, while Miss Priscilla Flower was a conservatory of herself. A Spanish Troubadour, Jaunita, and the Syrian girl displayed the elegant costumes of the far East, while Pocahontas proved herself the typical Indian Princess. A Sister of Charity kept company with a Red Cross Nurse, and the Calico Queen wore braids which some guests declared were not her own; this however could not have been the case with Theodora Burr, who had fine white curls of 17th Century make. Dolly Dimple and her doll traded candy hearts with the Normandy Peasant Girl, and were only kept in order by the awe-inspiring Dr. Jekyll and Mr. Hyde. Sawatchy Allen displayed a brooch 200 years old, and with Janice Meredith, Penelope Higgins, and the bora bora Smithers patterned the latest style in dress of a hundred years later. Brown was a duty sedate, but ago. Aunt Brown might have been seen occurring in the favor of the young men. The house was decorated with masks and stuffed figures. Miss Carmichael won a prize for guessing the largest number of names of the guests. After a fantastic cake-walk and minuet, the guests were served

with elegant refreshments, and a number of flash-light pictures taken by Miss Mabel Gardner. The revelry continued until a late hour, and all the guests declare it the most enjoyable event of the season.

Those present were: Mesdames Harmon, D. J. Arpin, H. H. Wippenman, Haubrecht, J. W. Cochran, B. M. Vaughn, Lipke, Thompson, Daly, Miller, W. F. Kellogg, I. P. Witter, and the Misses Heimdal, Kromer, Briere, Whitlock, Seegwick, Emmons, Harbrack, Phillos, Ethel and Anna Harris and Gardner, Mrs. Irv Phillos, Mrs. F. W. Kruger, and Mrs. J. E. Thomas of Nekoosa.

High School Notes.

A special meeting of the Forum was held Wednesday afternoon after school for the purpose of deciding in regard to the electric lantern. It was decided to wire the schoolhouse for that purpose as well as for ten electric lights and that the lantern should be used and operated by the superintendent, Geo. P. Hambrecht. Alvin Bryant has offered to wire the schoolhouse free of charge if the society furnished the material which offer was accepted, and all members acknowledge his great favor and kindly thank him for the same.

The rhetorical program rendered in the school this afternoon had the following names on it: Herman Hansen, Amelia Hansen, Louise Hinduson, Emma Johnson, Lizzie McCarthy, Kirke Muir, Wm. Milstein, Irene Styles, Chas. Whitlock, Clara Yousko, Hamann Jacobson, Amos G. Hill, Geo. Harring, Nettie Outman, Chas. Foggate, Mamie French.

A subscription was started by the high school pupils for the purpose of buying a new and larger microscope for the use of the botany class than they now have. At the rate they have been subscribing it will not be long before we will have a new microscope.

Mr. Hambrecht is contemplating organizing a class on elocution. The class will be made up of all the pupils who are not interested in music, and who do not carry over three studies. The class would meet two or three times a week.

Miss Agnes Hocking, a former teacher in the west side high school visited the high room on Tuesday morning. At present she is attending the university at Madison and was here on short vacation visiting her many friends.

A senior class meeting was held Thursday afternoon after school and the class has begun work on the commencement program, which, as there are so many in the class, is a very difficult matter to decide.

The regular class meeting of the Senior class was held last Thursday afternoon after school for the purpose of settling definitely on a class pin. A dance is to be given this evening in the Wood building next to the Wood County National Bank by the students of the high school.

A coasting party was assembled at plank hill last Monday night, where all kinds of sliding took place.

The Forum program for Feb. 15, 1901, is as follows:

Roll Call.....	Response, Quotations

Railroad Talk.

A number of officials of the Wisconsin Central railway visited Marshfield last Friday on an inspection tour of the road. Included in the party were President F. F. Whitcomb, Controller Robert Toombs, Chief Engineer Robert B. Tweedy and a number of New York directors who have not been over the line for a long time. The special train consisting of two coaches and a baggage car went down to Nekoosa in the evening over the M. & S. E. Gen. Mgr. C. H. Grundy accompanied the party. Here they spent the night and visited the paper mills Saturday morning. Whether the trip over the Southeastern has any significance there is no means of ascertaining at this time, but there is a strong likelihood that the Central may still purchase this piece of road in the scheme of shortening its main line between Milwaukee and St. Paul. —Marshfield News.

Many Eyes

Do not see so well as they should. Many others do not see as well as they

Can be Made to See.

I pride myself on giving every eye I fit, the best possible vision. I have given so many perfect vision with a glass where others have failed, that I feel myself pardonable in making this claim to superiority as an optician.
